*HHFC MIDWEST REGION REPORTS*  
*SPRING, 2014*

### Greetings Franklin Friends!

It was great to see such a large turnout at the Spring Meet, the weather was perfect and the tour routes brought us through some of the most beautiful country roads one can imagine.

Thanks to Bill and Jeff for all their hard work.

The collections of automobiles we toured had me blurry eyed by the time we even arrived at the Gilmore to look around the Franklin Collection.

This was my first time attending the Air-Cooled Gathering and Phil did a top notch job putting on this event.

At the business meeting one of the items that got finished was the By-Laws for our Midwest Region. I am so glad we now have them and thanks so much for all the input to get this detail completed.

I also would like to thank Hazel Wade for becoming our Editor of the Franklin Line.

We have members who have stepped forward and I am glad to say we have meets planned through 2016, thanks to all. (See list in this

issue).

I look forward to seeing all of you again in Plano, IL. We are still looking for your stories about you and your Franklin and how you acquired this love for such a great automobile.

Dean Dorholt

## Midwest Meet in Hastings, Michigan (Cont'd)

(who brought a Corvair Camper and Truck.) Our host motel was the brand new Hastings, Michigan Holiday Inn Express. Although on the edge of Hastings, there was a nice coffee shop, a restaurant, and a carryout pizza parlor just across the street. So everyone settled in Wednesday evening to reacquaint themselves with Franklin friends and snack on M&M's. Thursday found us driving to the edge of Lake Michigan as we toured almost 66 miles to Holland for a luncheon cruise on the Holland Princess. The weather was not entirely cooperative. The day dawned cold and foggy and once we were on the way it changed to merely cold and overcast. On the way to Holland the group made a stop at the private car collection of Al & Carol Scholten. We appreciated the hospitality Al showed us and the interesting collection in his car barns. Then it was on to the Holland Princess.

The Princess took the group on a 2 hour tour of Lake Macatawa, and to the edge of Lake Michigan. The shore was peppered with the mansions of the rich and famous, and a few commercial places including the largest pickle factory in the world. The return trip Thursday had a little less wandering around the Michigan countryside, better weather, and included a stop at another car collection. The collection of Jim Cordes included several FWD trucks that Jim collected over his lifetime including while he was a FWD dealer. Jim and his family were friendly and full of stories about their cars and trucks. So Thursday was a long day both in terms of miles driven and interesting sights.

Friday found us a little closer to Hastings. The first stop was historic Charlton Park. Barry county started with a collection of historic artifacts assembled by Irving Charlton and has constructed a historic village of buildings moved from around the county. Our docents were cheery and knowledgeable. We only had an hour at Charlton Park, but could have easily spent all morning there wandering through all the buildings. The next stop was the private collection of the Off Brothers. The Off Brothers collection is stunning. If you are interested in jaw-dropping cars, with the occasional fun mashup, this is the place for you. Lunch was at the Gull Lake Country Club with a tasty buffet and a terrific view of the lake. After lunch a short hop took us to Bill and Barbara Parfet's. The Parfet collection is just off the grounds of the Gilmore Car museum, and they had another top notch collection for us to peruse, including a couple of gorgeous wooden boats. Next, since the exit from Parfet's was via the Gilmore museum property, most folks took the opportunity to hang out at the Franklin Collection or noodle around the other Gilmore buildings. A couple folks also took the opportunity to snap a photo of their Franklin in front of the Hamlin/Franklin museum building. Saturday was a lazy day for the Franklinites, as we took a short, 22 mile, tour to the Gilmore and enjoyed the great weather at the Air Cooled gathering. There seemed to be a fine turnout of Franklins and other aircooled cars, trucks and even a motorhome. As the cliché goes, a fine time was had by all. After returning to the Holiday Inn Express, everyone enjoyed a fine meal catered by the Seasonal Grill. And then before we all knew it, it was time to say our goodbyes.

The Spring Midwest Meet went off without drama. The touring instructions were (almost) glitch free. There were no breakdowns (as should be expected). The food was all tasty. The collections we visited were delicious. The socializing was happy and animated. We hope to see you all so as to do it again in Plano in September.
